It is advised that motorists proceed with **EXTREME CAUTION** travelling on all roads during wet weather. Not all roads may have been inspected at the time this condition report was released and conditions are constantly changing. Caution is urged if traversing flooded creek crossings as road surfaces may be damaged, submerged matter may not be clearly visible and underlying currents can be swift. Road shoulders of sealed roads generally become soft during heavy rain events and movement off the bitumen seal is discouraged.

ROAD REPORTS ARE ISSUED FOR THE SAFETY OF ALL MEMBERS OF THE TRAVELLING PUBLIC AND WE ASK FOR YOUR COOPERATION. STATEWIDE TRAFFIC MANAGEMENT CENTRE CAN BE CONTACTED ON 131940

Next Report will be issued when conditions change. Contact: Works Manager 0407 555 385
