## Royal Theatre gets new Life

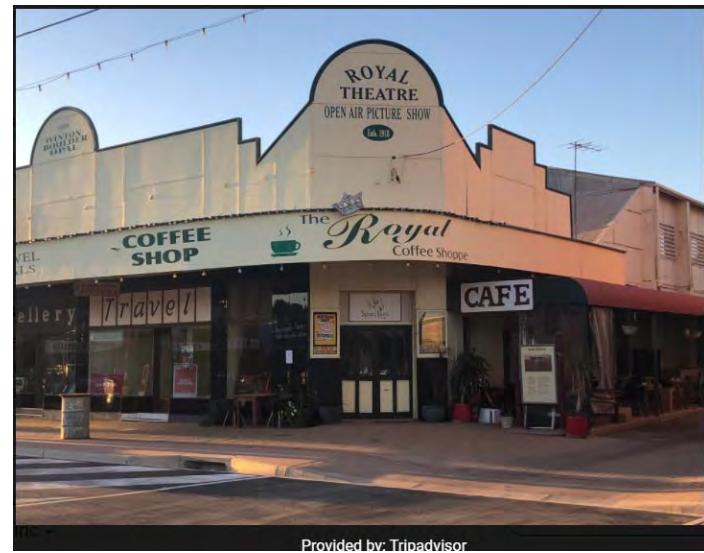

Article by Jeff Close

Recent weeks have seen a team from the extended Evert family, travelling back to Winton from all around Queensland, to complete the first round of renovations in their quest to bring the iconic Royal open-air Theatre back to life. This iconic 103-year-old theatre is just one of two open-air theatres still operating in Australia and it had been in the Evert family since 1937. The team are supporting the small not for profit organisation, Winton Movies Inc (WMI), who have been established to bring the Royal Theatre Winton back to life.

Geraldine Coughlan, daughter of Vince Evert, is passionate about the project and says she wants to build on the family's lifetime preservation of the theatre. Importantly, Geraldine says, “this is a unique opportunity to evolve the theatre into a world class multipurpose facility and for it to become a cultural epicentre for the local Winton community and the Queensland outback.”

James Evert adds, “Our heritage is in Winton and we see this project will bring new audiences and new events to Winton, contributing to sustainable economic and employment activity for the region.”

WMI member Lydia Evert also chairs the Business Development subcommittee. She says, “We are a group of passionate volunteers who are motivated to support the region and we can't wait to see our big plans for this old girl. Everyone we talk to is excited

about the project and we are building a fantastic network of partners who are right behind us. I can't thank Gavin Baskett and the Winton Shire Council enough for their support. Likewise, we have had great support from local business and tourism associations.”

WMI is currently completing the first stage of the renovations, primarily in the Candy Bar. This is currently being funded through grants and a fundraising campaign will contribute to completing the works. Project Manager Gavin Evert said, “After we complete the Candy Bar, we need to enclose the projection room to protect the equipment from the elements.

## *Diamantina Devil represents Winton*

Article by Cr Frank Standfast

The recent two-day junior rugby league carnival the Adrian Vowles Cup was held recently in Charleville. This year only one young Diamantina Devil made the trip south, Kelly Remfrey made the 1400km round trip with his mum Rebecca to play in his third carnival, first time in the under 16 team.

Forty teams competed this year from places such as Mackay, Toowoomba, Ipswich, St George and everywhere in between. Central West entered teams in both the under 14 and under

16s as well as 3 U17 girls that combined with other towns to make up the numbers. Central West U14 lads came away with a win against Redcliffe while the U16 lads defeated Red Bulls in the final minute of their game. Rebecca said the trip was made worthwhile for her when young Kelly presented his mother with her very own Tambo Teddy as a show of appreciation for taking him down. The Adrian Vowles Cup is held each year to keep rugby league strong in the country areas as well as keeping the inter town rivalry alive and well.

**Winton Business & Tourism Association encourages you to support those businesses that support our local Paper**

The Winton Pharmacy has been a foundation store of the Winton community since 1879. Mr Peter Evert, a born and bred Winton local purchased the Winton Pharmacy in 1963 (after completing his Pharmaceutical degree by apprenticeship) and it has been in the Evert/Ludwick family since then. Peter owned the Winton Pharmacy for over 40 years and has seen the township survive flood and drought and become a tourism hotspot. Kieran Ludwick, Peter's oldest child, also born and bred in Winton, purchased the Pharmacy in 2007 and has continued the proud family tradition of supporting the Winton Community through the Winton Pharmacy.

The Winton Pharmacy had a major renovation in 2015 to allow for better access for all of the community. One of the key goals of the renovations was easy access for all – therefore the Pharmacy has extra wide walkways so that mobility scooters and wheelchairs can manoeuvre easily in the store. Kieran has proudly repurposed the Silky Oak timber from the walls to create the timber display cases that house the original Kodak cameras and old pharmacy paraphernalia in the centre of the Pharmacy.

Call into the pharmacy for all your health care needs, gifts and cosmetics.

Winton Pharmacy is open: Monday – Friday: 8:30 am to 5pm Saturday: 9 am to 12 midday

## Minister views Grasshopper devastation

Article by Cr Frank Standfast

Last Saturday (6 March 2021) Minister for Agricultural Industry Development the Honourable Mark Furner MP visited Winton to meet with Winton Shire Councils elected members and local graziers to see firsthand the impact of the recent grasshopper plague on the grazing industry.

While in Winton Minister Furner visited Oondoroo Station and met with local graziers Jason Turnbull, Bruce & Madison Godfrey and Chris Meikle to hear about the devastation of the country and its impact on their business, this is the third year running for many places in the district where long awaited rain has produced some grass only for it to be decimated by the marauding insects

A Working Group has been established by Department of Agriculture & Fisheries to gather information and work

toward a long-term solution, Minister Furner has pledged to support this group for as long as needed to find a solution.

Minister Furner was accompanied in Winton by DAF staff who gave an update on their progress as well as what they are hoping to achieve going forward, their hope is to have an Australian Pesticides & Veterinary Medicines Authority Permit within the next week to allow graziers access to an accredited chemical.

The Minister expressed his gratitude to those present for their time to attend and especially to Mr Turnbull for allowing access to his property.

Winton's Mayor Gavin Baskett said " It was great to have Minister Furner in Winton on Saturday to see first hand the devastation the grasshopper plague is causing, we have been lobbying hard to get some assistance for our Graziers because this is the third year in a row that many of our properties have been eaten out by grasshoppers, I'm hoping the establishment of this working group will come up with a long term solution"
